This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

**Usage guidelines**

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

**About Google Book Search**

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at `http://books.google.com/`

# NOTE.

By comparing this Catalogue with the Annual Catalogue of each year, it can be seen what proportion of the young Ladies of the Seminary are members of this Society. It has embraced all the teachers, and all the members who have completed the course, with one exception, and a large proportion, who have been connected with the Seminary more than one year, besides many who have been in the Institution a shorter time. It is not uncommon for young ladies to become members of the Society after they leave the Institution. This is very desirable, when circumstances prevent their becoming members while connected with the Seminary. Any one desiring to do this, will only need to write to the Secretary, stating her wish, and enclosing two dollars. The name of the Secretary will hereafter be found in the Appendix to the Annual Catalogue of the Seminary.

The Constitution requires that the next Catalogue of the Society shall be published in the year 1852, and that each member write to the Secretary in January of the same year, post paid. It is very desirable that the required letters should not be delayed, as it will greatly increase the business of the Society.

When the annual catalogue is not received by the members of the Society, it is requested that the Secretary be informed by letter of the failure.

The friends of the young ladies are requested to communicate to the Secretary cases of decease among its members, together with the circumstances of their death. In the records of the Society, a blank page is reserved for each member, to be filled with her future history. As a last tribute of affection, it would be a mournful pleasure to record on this page the last events of her life.

In collecting the facts, there may have been some mistakes, though great effort has been made to avoid it. When mistakes are found, the members are requested to commmnicate the facts, that corrections may be made in the next Catalogue.

## TIME FOR PUBLISHING THE NEXT CATALOGUE.

1. The next Catalogue is to be published in 1852.

2. It will be the duty of the Secretary to prepare letters between the 1st and the 15th of February, for all those from whom letters are not received during the month of January. These letters are to be mailed February, 15th. Letters according to article fourth of the Constitution, to be *post paid.*

3. If answers are not received from all, before March 8, the Secretary is to prepare a second letter between the 8th and 15th of March, and mail it March 15th. The same course to be pursued in April.

4. The Catalogue is to be finished, and a copy forwarded to each member the first week in June.

5. If any member does not receive her Catalogue before the close of June, she is requested to write immediately to the Secretary, that it may receive attention before the close of the year.
